Afro Vespa is the only event of it's kind in Africa. Cape Town Vespa Club was founded in 1957 and celebrates their 51st birthday this year.

It's being well attended by Vespa riders from all over SA.

The Vespa Club went into hibernation but started showing life again about 9 years ago. Now growing every year...

The essence of Tulbagh is in the mute wisdom of gnarled old oaks and the jagged wrinkles of infinitely older and wiser Witzenberg Mountains.

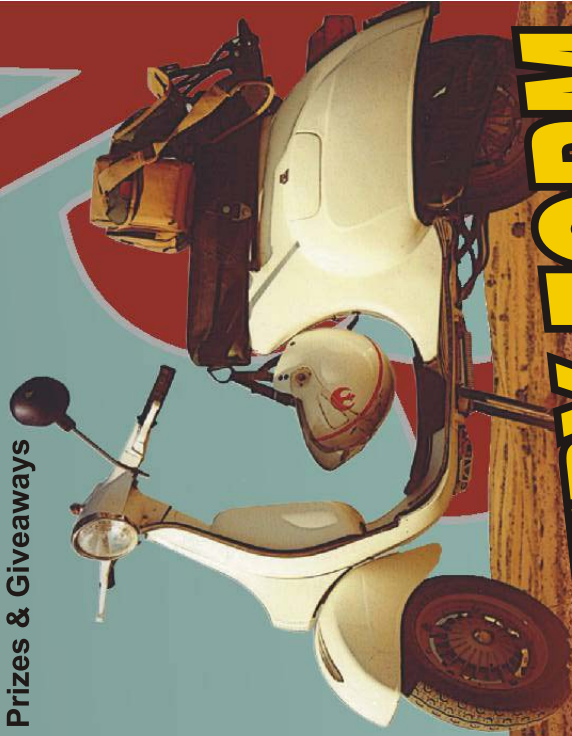

Tulbagh has all the skills and activities to satisfy the interests of a wide range of visitors to this charming valley.
